

CIRCUIT TECH ASSEMBLY, LLC
858 North Lenola Road
Building #2
Moorestown, NJ 08057

Quality Policy

Circuit Tech Assembly, LLC is committed through continuous improvement, to provide manufacturing services that meet specified requirements and deliver defect free product to our customers on time.

Our Customer Satisfaction Quality Philosophy:

In order for Circuit Tech Assembly to maintain, enhance and grow its contract manufacturing services to customers, it is essential that we consistently meet or exceed our customers' requirements and expectations for the quality, performance, and timeliness of the product we deliver.

This manual defines the policies that reflect the requirements of ISO 9001:2000. Implementation of these policies ensures that we consistently meet the quality and performance requirements of customers, along with any statutory and regulatory mandates in a timely, effective manner.

I personally affirm my commitment to continually improve our Customer Satisfaction System and solicit the active partnership of all employees and our customers in its implementation throughout the organization.

William F. Sherlock
